2 STOREY SEMI DETACHED VILLA IN LUZ WITH

Beautiful terraced houses within gated condominium with communal gardens and pool. The kidney shape pool with tile and lawn surround offers room for sunloungers and is more than enough for these 8 one and two bed townhouses.

This 2 bed semi detached is one of the most spacious ones, due to being the corner one.

Downstairs – entrance hall, to the right shower room, to the left nice living with windows to both sides of the house facing east and west for morning and afternoon sun, pellet burner, and going around you find the dining area and the fully fitted kitchen (ceramic hob, fan extractor, electric oven, dish washer, combined washing machine with dryer, fridge freezer, immersion water heater) with granite worktops. The living room opens up to the swimming pool patio and garden.
